* Denotes Key Personnel

The level of effort for the performance of this contract is based upon an anticipated total estimated level of 120,750 straight-time man-hours and 20,500 overtime man-hours for a total of 141,250 man-hours of the estimated composition of the 141,250 man-hours of direct labor can be found in the chart above.

Offerors are to propose on the labor categories and hour estimates provided as the Level of Effort. Offerors who propose other than what is specified will be considered nonresponsive.

Small Business Subcontracting Plans are required for all large businesses submitting proposals in accordance with FAR 52.219-9 Alt II SMALL BUSINESS SUBCONTRACTING PLAN (Jan 2002) ALTERNATE II. The Small Business Subcontracting Plan must be included with proposal submission.

If practical, the Government intends to convert from a CPFF contract to a fixed price completion performance based services contract after the initial period of performance (see clause H.12 CONVERSION TO A PERFORMANCE BASED SERVICE CONTRACT).

ADDITIONAL SLINS

Additional SLINs will be unilaterally created by the Contracting Officer during the performance of this Task Order to accommodate the multiple types of funds that will be used under this Order.

The Service Contract Act is not applicable to this task order since the work to be performed will be completed

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 32 of 79	FINAL

onboard U.S. Navy Ships.

Small Business Subcontracting Plans are required for all large businesses submitting proposals in accordance with FAR 52.219-9 Alt II SMALL BUSINESS SUBCONTRACTING PLAN (Jan 2002) ALTERNATE II. The Small Business Subcontracting Plan is facilitated in the portal and must be included with proposal submission.

Note: If fee is included in the pass through rate for subcontractor labor costs, the prime contractor is requested to identify what percentage of the pass through cost is considered fee in their cost proposal. The maximum labor pass through rate (which includes all adders and any prime contractor fee applied to subcontractor labor costs) shall not exceed 8%.

SECTION C DESCRIPTIONS AND SPECIFICATIONS

STATEMENT OF WORK: Provide Shipboard/engineering services and material procurement for Hull and Deck Machinery Systems.

1.0 SCOPE

The overall scope of this statement of work is to provide engineering services and technical, logistics, maintenance and installation/alterations support for the Cargo and Weapons Handling Division of the Hull and Deck Machinery System Directorate for NSWCCD-SSES, Code 972. This task order will include but is not limited to ShipAlts, system repairs, system operability testing, drawing and technical manual development, material fabrication and support for cargo/weapons and personnel elevators; dumbwaiters; magazine handling systems; and vertical package conveyors, and efforts necessary to ensure developments in logistics maintenance and programmable logic controllers. Ship specific tasks will be on USN and MSC ships and will include Acquisition Support on T-AKE Class Ships 1, 2, and 3 and LPD -18, work to be accomplished in April through December 07, 08, 09, 10 and Mid-Life Sustaining Programs on LHD-1 Class Ships 1 thru 4, conduct shipchecks to develop drawings for installing PLC's on LSD-41 Class ships for a total of 10 ships, testing and system repairs on T-AOE's 6, 7, 8, and 10, T-AE's 32, 33, 34 and 35 and T-AFS'8, 9 and 10. Cargo Weapons Handling system operational testing procedures and technical manual developments/updates as determined to support the fleet from April 2007 thru December 2011. Services will be rendered as required in Philadelphia and ports on the East Coast, West Coast, and Far East over the period of 57 months.

1.1 APPLICABLE DOCUMENTS: Work performed under this Task Order shall conform to the requirements set forward in the following references:

- (a) Ship Alterations Records (SAR)
- (b) Shipalt Installation Drawings (SIDs)
- (c) General Specifications for Overhaul of Surface Ships (GSO) - NAVSEA S9AA0-AB-GOS-010
- (d) Fleet Modernization Program (FMP) Management & Operations Manual - NAVSEA SL720-AA-MAN-010/FMP
- (e) Ship Alterations Accomplished by AIT – NAVSEA Technical Specification 9090-310B/C
- (f) NSWCCD Instruction 4720.2C, Process and Policy for Shipboard Industrial Work
- (g) S9074-AR-GIB-010/278 – Requirements for Fabrication,
- (h) NSWCCD Code 915 Quality Assurance (QA) Manual
- (i) Requirements for Welding Brazing Procedures & Performance Qualifications – NAVSEA S9074-AQ-GIB-010/248
- (j) MIL-STD-1689- Fabrication, Welding and Inspection of Ships Structure
- (k) Manuals, Technical: General Style And Format of (Work Package Concept) - MIL-DTL-81927C, dated 26 Nov 1997
- (l) Standard Practice for Manuals, Technical: General Style and Format - MIL-STD-38784 (1), dated 1 Dec 2000
- (m) Interactive Electronic Technical Manuals - MIL-PRF-87269A dated 15 Aug 2000, Data Base, Revisable
- (n) Manuals, Technical: General Acquisition and Development Requirements - MIL-DTL-24784
- (o) Guide for User Maintenance of NAVSEA Technical Manuals - S0005-AA-GYD-030
- (p) Guide for Quality Assurance of NAVSEA Technical Manuals - S0005-AA-GYD-070

- (q) MIL-STD-454, Standard General Requirements for Electronic Equipment
- (r) NAVSEA Standard Item 009-12 Welding, Fabrication and Inspection Requirements

1.2. Task 1 INSTALLATION REQUIREMENTS

- (a) Provide engineering, technical, and repair support to accomplish assignments in support of conversions, overhauls, alterations, modifications, installations, repairs and removal of shipboard cargo/weapons handling and associated systems installed equipment on USN and MSC ships.
- (b) Provide teams of knowledgeable people familiar with overall fleet maintenance philosophies, as well as logistical specialists familiar with Integrated Logistic Support (ILS) procedures and functions of the ship's Logistics Support Center (LSC)/Maintenance Support Center (MSC), and CAD familiar with fleet database management systems.
- (c) Provide POA&M for all Alterations Installations upon assignment of task.
- (d) Analyze and assess shipboard cargo/weapons handling system readiness data.
- (e) Provide all contractor-furnished material, pre-fab, and consumables in order to meet installation milestones.
- (f) Provide required qualified QA personnel to accomplish quality assurance verification of all material, prefabrication and on board installation.
- (g) Provide required skilled trade personnel and schedule to accomplish prefabrication of parts.
- (h) Perform shipboard installations IAW instructions and procedure as set fourth by NSWCCD-SSES, Code 972
- (i) Perform equipment/system level testing and light-off and assist as directed by on-site In-Service Engineering Agents.
- (j) Develop Quality Assurance (QA) Plans, which outline the in-process control procedures (IPCP) that specify the critical elements and requirements of NAVSEA Standard Items (NSI).
- (k) Review and sign the Industrial/Alteration Pre-Start Checklist prior to the start of each installation. The Government oversight representative will provide the document, will also sign, and will incorporate into the alteration Completion Report Record.
- (l) Provide (1) set of red-lined drawings to the ship and (1) set of red-lined drawings to NSWCCD 9772 at the completion of all alterations.
- (m) Provide all Installation and Condition Reports to NSWCCD 972 at completion of each installation.
- (n) Provide engineering, technical and logistical support in identification and correction of faults and material condition discrepancies to assure that cargo/weapons handling equipment is in safe and proper operating condition.
- (o) Provide technical in-process review of work progress identifying specific deficiencies and recommending corrective action for items identified.
- (p) Develop recommendations for effective test and quality assurance practices in the performance of cargo/weapons handling equipment and associated systems maintenance.
- (q) Provide and maintain engineering evaluations and recommended changes or improvements to cargo/weapons handling and associated systems, continuing status of failures, visit reports and changes on equipment material condition.
- (r) Provide information to update Current Ships Maintenance Projects (CSMP) to respective ships and NSWCCD-SSES, Code 972 in automated data transfer format compatible with existing shipboard systems. Develop Automated Work Requests (AWRs) for all outstanding discrepancies as part of the currently used maintenance management system.
- (s) Review logistical documentation and assist Ship's Force to prepare appropriate feedback forms (e.g., 4790/CK,

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 35 of 79	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Technical Manual Deficiency Report (TMDER)) to document deficiencies. This includes Consolidated Shipboard Allowance List (COSAL) support for proper Allowance Parts List (APL) coverage, identification material requisitions for items that are required to correct discrepancies, preparation of Planned Maintenance System (PMS) feedback reports to correct inadequate or erroneous PMS documentation and preparation of Technical Manual Deficiency Evaluation Reports (TMDERs) to correct technical manual deficiencies. Assist in the update of the CSMP with deferrals and validated completed action items in accordance with specified uploading procedures as identified by the Navy Management System Support Office. Report errors found in existing drawings, system operating procedures, and maintenance requirements.

(t) Develop and provide qualified cargo/weapons handling and associated systems training teams, as requested.

(u) Develop/revise Standard Operability Test Procedures for Cargo/Weapons Handling Equipment and associated systems as required/requested.

1.2.2 Task 2 ENGINEERING DRAWINGS DEVELOPMENT AND REVISION REQUIREMENTS:

(a) Provide engineering and technical drawing support for conversions, overhauls, alterations, modifications, installations, repairs and removal of shipboard cargo/weapons handling and associated systems installed equipment on USN and MSC ships.

(b) Develop/revise engineering drawings using the latest version of AutoCad software in conjunction with ship-works programs to integrate and utilize shipyard drawing standards and ship's parts database.

(c) Create functional prototype 3-D assemblies and details on a computer system.

(d) Develop layouts and charts on a computer system using Visio 2003 or higher.

(e) Convert scanned drawings to editable AutoCad files using Raster Design 2005 or higher.

1.2.3 Task 3 TECHNICAL MANUAL DEVELOPMENT AND REVISION REQUIREMENTS:

(a) Provide technical manual development and revision support for conversions, overhauls, alterations, modifications, installations, repairs and removal of shipboard cargo/weapons handling and associated systems installed equipment on USN and MSC ships.

(b) Revise and change Interactive Electronic Tech Manual (IETMs) and hardcopy Technical Manuals (TMs) to reflect TM feedbacks NAVSEA/NSWCCD advisories and trip reports, hardware configuration changes resulting from alteration installations, and improvement and standardization programs via paper or electronically. Develop and prepare correspondence to Technical manual Deficiency Evaluation Report originators as required by individual task instructions.

(c) Convert paper copies of TMs to Standard Generalized Markup Language (SGML) files, as required, using the latest or required version of the NAVSEA C2 DTD. The Contractor shall use the latest version of ArborText to edit the Standard Generalized Markup Language files if required, publish using NAVSEA Publishing System and provide a linked PDF file.

(d) Update Standard Generalize Markup Language files using the latest version of ArborText editor to reflect issued TM changes. All updates shall be performed using the NSWCCD-SSES JCALS server and modifying the instance or instances of the Standard Generalize Markup Language file required.

(e) Perform and track data collection efforts for items such as TMs and logistic support technical documentation. Duplication of data items is required.

(f) Develop drawings and illustrations on Computer Aided Design (CAD) networks that are compatible with Navy computer aided logistic support (CALs) requirements.

1.2.4 Task 4 LOGISTICS MAINTENANCE AND DEVELOPMENT REQUIREMENTS:

(a) Provide logistics support for conversions, overhauls, alterations, modifications, installations, repairs and removal of shipboard cargo/weapons handling and associated systems installed equipment on USN and MSC ships. Tasks will encompass all aspects of the data management discipline and will be done within the processes established by

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 36 of 79	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

the Government to manage the configuration of data. The workflow will encompass four progressive status categories of digital data files.

- (1) Working data, where the data is under the originator's control only
 - (2) Released data, where the working data has been approved by the Government and has been released for its intended use, and is now subject to configuration control procedures
 - (3) Submitted data, where released data has been formally submitted to the Government for approval
 - (4) Approved data, where submitted data has been approved for its intended use by the Government
- (b) Data Identification: As specified and requested, an analysis of each assignment conducted to identify and document potential data requirements. Data requirements shall be requested from all program participants via data call, shall compile received data requirements, shall participate in data requirements reviews, and shall prepare final data requirements lists
- (c) Data Acquisition.
- (1) Review delivered data items for form, content, adherence to schedule, correct distribution. Provide analyses and written recommendations, with supporting evidence for the recommendations. Provide technical services necessary to transition master documentation. All documentation shall be prepared in accordance with specifications identified in the individual task instructions.
 - (2) Participate in actions required to define digital data for delivery to or access by the Government in general, and for configuration management data in particular. With interactive access, the emphasis is on Government access to contractor maintained databases.
 - (3) Apply configuration management principles to ensure the integrity of digital representations of product information and other data and enhance good data management practice. The concepts are described, as follows, based on elements and principles expressed in EIA Standard 649:
 - (a) Document identification
 - (b) Data status level management
 - (c) Data and product configuration relationships
 - (d) Data version control & management of review, comment, annotation, & disposition
 - (e) Digital data transmittal
 - (f) Data access control.
 - (d) Data Tracking: Receive and record data on both management and engineering documents and be responsible for the maintenance of the data management tracking system as specified in the individual task instructions
 - (e) Technical Data Maintenance. Maintain data status changes in configuration and data management systems such as, but not limited to, Configuration and Data Management Support System (CADMSS), Configuration and Data Satellite (CADSAT), AUTOSERD, or SERMIS as specified by individual task instructions. Receive, record, and input GF documents, verify the data inputs, and return the documents for Government disposition. For existing systems, written operating instructions or desk book procedures may be provided with the individual task instructions. Attend working sessions to resolve problems in the areas of maintenance and operation of data management systems.
 - (f) Provide support to ensure that technical data access is provided in a timely manner and to ensure that it is accurate data for the customers. This support includes the evaluation and status of current technical data, and assistance in the identification, evaluation and purification of the "master" technical data.
 - (g) Assess life cycle logistics, technical, and production data pertinent to US Navy shipboard engineering systems, subsystems, components, and equipment and support equipment. Prepare recommendations for incorporation into

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 37 of 79	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Management Information Systems that will accommodate on-line access and cross referencing of related information. Recommendations shall be consistent and compatible with approved NAVSEA hardware/software applications.

(h) Provide detailed information that adequately defines the proposed acquisition strategy and establishes a basis for an effective Technical Data Package management program.

(i) Conduct logistics review group audits focused upon the technical data process.

2.0 DELIVERABLES

(a) Contractor Installation POA&M (s)

(b) Shipboard Alterations' teams', SSN and Visit Clearance information provided 2 weeks before install to NSWCCD Code 972.

(c) Monthly Progress and Status Reports

(d) Red-lined Drawings to ships and NSWCCD Code 972 (2 sets), as required

(e) Installation and Condition Reports, to be submitted weekly

(f) Technical Documentation Revisions as assigned by Code 972, to be submitted weekly

(g) Technical Draft submittals as assigned by Code 972, to be submitted bi-weekly

3.0 PLACE OF PERFORMANCE

Installation/repairs will take place in ports on the East Coast 30%, West Coast 60% and Ports in the Far East 10% of the time.

4.0 CLASSIFIED MATERIAL

All work performed under this Task Order shall not exceed the level of unclassified.

5.0 OVERTIME

Overtime may be required to support emergent ship schedules. Overtime hours must be authorized by NSWCCD-SSES Code 972 up to the limits set forth in Section B.

6.0 PERIOD OF PERFORMANCE

The period of performance of this task order is from date of award through fifty-seven (57) months thereafter.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 38 of 79	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION D PACKAGING AND MARKING

All deliverables shall be marked on the outside with the name and address of the Naval Surface Warfare Center.

The TOM shall be identified along with the contract number, a description of the contents of the package, and any other further markings that may be required by other provisions of this contract. An item shall be packaged and shipped in accordance with the contractor's standard commercial practice.

----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION E INSPECTION AND ACCEPTANCE

Inspection and Acceptance shall be performed at Destination by the Government.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 40 of 79	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION F DELIVERABLES OR PERFORMANCE

The periods of performance for the following Items are as follows:

1000	7/9/2007 - 4/4/2009
3000	7/9/2007 - 4/9/2012
3100	3/18/2011 - 4/9/2012
4000	4/9/2009 - 4/9/2012
4100	8/13/2009 - 3/1/2013
6000	7/9/2009 - 4/9/2012
6100	9/15/2009 - 3/1/2013

CLIN - DELIVERIES OR PERFORMANCE

The period of performance for this task order shall be from date of award through five (5) years thereafter.

DELIVERY INFORMATION

FOB: Destination

SHIP TO ADDRESS: Naval Surface Warfare Center, Carderock Division

5001 S. Broad St.

Philadelphia, PA 19112-1403

Attn: Rosemary DiCara, Code 9709

SECTION G CONTRACT ADMINISTRATION DATA

Task Order Manager

Rosemary DiCara, 9709

5001 South Broad St.

Philadelphia, PA 19112-1403

rosemary.dicara@navy.mil

215-897-8417

SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be 141,250(to be completed for each order) total man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated that 0(to be identified at the task order level) man-hours are uncompensated effort.

Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately 1,086 [Yearly number of labor hours divided by 52 weeks]hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 42 of 79	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

Fee Reduction = Fee((Required LOE minus Expended LOE)divided by Required LOE))

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man hours up to five percent in excess of the total man hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

(End of Clause)

CAR-G11 INVOICE INSTRUCTIONS (OCT 2006) (NSWCCD)

(a) In accordance with the clause of this contract entitled "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS" (DFARS 252.232-7003), the Naval Sea Systems Command (NAVSEA) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

(b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor Quick Reference Guides also are available at <http://acquisition.navy.mil/navyaos/content/view/full/3521/>. The most useful guides are "Getting Started for Vendors" and "WAWF Vendor Guide".

(c) The designated CCR EB point of contact is responsible for activating the company's CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company's CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company's CAGE code at <https://wawf.eb.mil>.

(d) The following information regarding invoice routing is provided for completion of the invoice in WAWF:

WAWF Invoice Type

Cost Voucher

Inspector DODAAC (if applicable) **
Acceptor DODAAC N65540
LPO DODAAC (if applicable) ***
Pay DODAAC: HQ0338
DCAA Auditor DODAAC (if applicable) HAA47B

Attachments created in any Microsoft Office product may be attached to the WAWF invoice, e.g., backup documentation, timesheets, etc. Maximum limit for size of each file is 2 megabytes. Maximum limit for size of files per invoice is 5 megabytes.

(e) Before closing out of an invoice session in WAWF, but after submitting the document(s), you will be prompted to send additional email notifications. Click on "Send More Email Notification" and add the acceptor/receiver email addresses noted below in the first email address block, and add any other additional email addresses desired in the following blocks. This additional notification to the government is important to ensure that the acceptor/receiver is aware that the invoice documents have been submitted into WAWF.

Send Additional Email Notification To:

rosemary.dicara@navy.mil

(f) The contractor shall submit invoices for payment per contract terms and the government shall process invoices for payment per contract terms.

(g) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NSWCCD WAWF point of contact Brian D. White at (301) 227-1172 or brian.d.white@navy.mil.

SECTION H SPECIAL CONTRACT REQUIREMENTS

H-5 TASK ORDER PROCESS

J. Ombudsman Description. In accordance with FAR 16.505(a)(7), no protest under FAR Subpart 33.1 is authorized in connection with PCO decisions regarding fair opportunity or the issuance of a TO under this contract, except for a protest on the grounds that a TO increases the scope, period, or maximum value of the contract. The Local Warfare Center Site Deputy for Small Business has been designated as the NAVSEA and related Program Executive Offices Ombudsman for this contract. The NAVSEA Ombudsman will review complaints from the contractors and ensure that all contractors are afforded a fair opportunity to be considered, consistent with the procedures in the contract. Complaints to the NAVSEA Ombudsman must be forwarded to:

Mr. Ted Ptashkin

215-897-7596

theodore.ptashkin@navy.mil

OPTION TO EXTEND SERVICES

The Government may require continued performance of any services within the limits and at the rates specified in the Task Order. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 10 days prior to Task Order end date.

(End of Clause)

Option to Extend the Term of the Task Order

(a) The Government may extend the term of this task order under option CLINs/SUBCLINs by written notice to the Contractor on or before 4 Apr 2009; provided, that the Government gives the Contractor a preliminary written notice of its intent to exercise the option(s) at least thirty days before the task order expires. The preliminary notice does not commit the Government to an extension.

(b) The total duration of this task order, including the exercise of any options under this clause, shall not exceed fifty-seven (57) months.

CAR-H09 Performance-Based Acquisition Evaluation Procedures for a SeaPort e Task Order (MAR 2006) (NSWCCD)

(a) Introduction: The contractor's performance on this task order will be evaluated by the Government, in accordance with this task order clause. The first evaluation will cover the period ending twelve months after the date of task order award with successive evaluations being performed for each twelve-month period thereafter until the contractor completes performance under the task order. Based on the evaluation results, the PCO will assign an overall performance rating in accordance with paragraph (b) of this clause. The purpose of the evaluation is to determine remedies that may be invoked due to "Unsatisfactory" performance. If the PCO assigns an "Unsatisfactory" performance rating for the period evaluated, the PCO may take unilateral action, in accordance with clause 52.246-5 entitled "Inspection of Services-Cost Reimbursement", dated Apr 1984, in Section E of the base contract, to provide for a fee reduction covering the performance period evaluated. This clause provides the basis for evaluation of the contractor's performance and for determining if the fee amount should be reduced due to "Unsatisfactory" performance.

(b) Performance Ratings: The Government will evaluate the contractor's performance of the Statement of Work under the task order for each twelve month period of performance, using the measurable performance standards set forth in the Performance Requirements Summary Table in the SOW, or elsewhere in the task order, and the PCO will assign one of the following ratings:

(1) Excellent

(2) Very Good

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 74 of 79	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(3) Satisfactory

(4) Unsatisfactory

The standards associated with these ratings are given in the following Table 1.

Table 1: Overall Performance Ratings

For The Evaluation Period

Overall Performance Rating	Standard
Excellent	“Excellent” ratings for all performance evaluation criteria.
Very Good	A combination of “Excellent” and “Satisfactory” ratings determined by the PCO to exceed Satisfactory” overall.
Satisfactory	A minimum of “Satisfactory” ratings for all performance evaluation criteria.
Unsatisfactory	A rating of “Unsatisfactory” for one or more performance evaluation criteria.

(c) Evaluation Objective: The purpose of the evaluation and the inclusion of a remedy to the Government for unsatisfactory contractor performance under this task order is to ensure that the Government receives at least “Satisfactory” overall performance.

(d) Performance Evaluation Criteria: The contractor’s performance will be evaluated on an annual basis using the criteria and standards provided for each task objective in the Performance Requirements Summary Table, and considering the criterion in Tables 2 through 4 of this task order clause.

(e) Organization: The performance evaluation organization consists of the Procuring Contracting Officer (PCO), who will serve as the Evaluation Official, and the Task Order Manager (ToM).

(1) ToM: The ToM will provide ongoing performance monitoring, evaluate task performance based on the task order Performance Requirements Summary, prepare the evaluation report, including a recommended overall performance rating, and submit the report to the PCO for final decision within thirty days after the end of the evaluation period. The ToM will maintain the written records of the contractor’s performance so that a fair and accurate evaluation is made.

(2) Procuring Contracting Officer (PCO): The PCO is responsible for properly administering the performance evaluation process, maintaining the official performance evaluation file, and making the decision about the overall performance rating and whether to reduce the fee if performance is rated as unsatisfactory.

(f) Evaluation Schedule: Each performance evaluation will cover the previous twelve months of performance. The Government will evaluate all work under the task order performed by the contractor during the twelve-month period. Following each evaluation period, the PCO (or Contract Specialist if so designated by the PCO) and the ToM will hold a meeting with the contractor’s Senior Technical Representative to review performance under the task order during the previous twelve months, including overall trends, specific problem areas, if any, and their resolution. Other Government and contractor personnel may also participate as deemed appropriate.

(g) Contractor’s Self-Evaluation: The contractor may also submit a Self-Evaluation Report for consideration. The report must include an overall performance rating for the task order, covering the evaluation period, and may include whatever information the contractor deems relevant to support that rating. The report shall not exceed two (2) pages in length.

(h) Performance Evaluation: The PCO will make the decision on the overall performance rating for the work

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. EHQ1	AMENDMENT/MODIFICATION NO. 61	PAGE 75 of 79	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

performed under the task order within thirty days after receipt of the evaluation report from the ToM. The decision will be based upon the ToM's recommendations, the contractor's comments, including any Self-Evaluation Report, and any other information deemed relevant by the PCO. The PCO shall resolve disagreements between the ToM's recommendations and the contractor's comments/report regarding the evaluation. The PCO will provide a copy of the evaluation report, including the overall rating, to the contractor within five working days after completion of the evaluation.

(i) Contractor's Review of the Evaluation Report: Contractors shall be given a minimum of 15 calendar days to submit comments, rebut statements, or provide additional information. The PCO shall consider the contractor's submission and respond as appropriate. Although the PCO will consider the contractor's comments, rebuttals, or additional information, the PCO may, or may not, change the overall rating. The decision to change the rating based on contractor input at this stage is solely at the discretion of the PCO.

(j) This performance evaluation does not replace any other requirement for evaluating contractor performance that may be required by the base contract, such as a Contractor Performance Assessment Reporting System (CPARS) report, or a Task Order Performance Evaluation (TOPE).

TABLE 2: TASK PERFORMANCE EVALUATION CRITERIA AND STANDARDS

Criterion	UNSATISFACTORY	SATISFACTORY	EXCELLENT
Task Performance	Work product fails to meet Acceptable Quality Levels (AQLs) defined in Performance Requirements Summary Table (see SOW or elsewhere in the Task Order).	Work product routinely meets Acceptable Quality Levels (AQLs) defined in Performance Requirements Summary Table (see SOW or elsewhere in the Task Order).	Work product frequently exceeds Acceptable Quality Levels (AQLs) defined in Performance Requirements Summary Table (see SOW or elsewhere in the Task Order).
Staffing	Contractor provides marginally qualified or unqualified personnel. Lapses in coverage occur regularly.	Contractor provides qualified personnel. Lapses in coverage may occasionally occur and are managed per individual task order policy.	Contractor provides highly qualified personnel. Contractor reassigns personnel to ensure proper coverage. Actual lapses in coverage occur very rarely, if ever, and are managed per individual task order policy. Contractor ensures staff training remains current.
Timeliness	Contractor frequently misses deadlines, schedules, or is slow to respond to government requests or is	Contractor routinely meets deadlines, schedules, and responds quickly to government requests.	Contractor always meets deadlines, schedules, and responds immediately to government

SECTION I CONTRACT CLAUSES

CAR-I18 TECHNICAL INSTRUCTIONS (DEC 2001)

(a) Performance of the work hereunder may be subject to written technical instructions signed by the Task Order Manager. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor that suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the statement of work.

(2) Guidelines to the Contractor that assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the task order. Technical instructions may not be used to :

(1) assign additional work under the task order;

(2) direct a change as defined in the "Changes" clause of the base contract;

(3) increase or decrease the contract price or estimated amount (including fee), as applicable, the level of effort, or the time required for task order performance; or

(4) change any of the terms, conditions or specifications of the task order.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the task order or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contracting Officer notifies the Contractor that the technical instruction is within the scope of this task order.

(d) Nothing in the paragraph (c) of this clause shall be construed to excuse the Contractor from performing that portion of the task order statement of work which is not affected by the disputed technical instruction.

(End of Clause)

52.222-2 PAYMENT FOR OVERTIME PREMIUMS (JUL 1990)

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed the overtime hours stated in Section B or the overtime premium is paid for work -- N/A
