

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. FD03	AMENDMENT/MODIFICATION NO. 71	PAGE 2 of 3	FINAL
----------------------------------	----------------------------	----------------------------------	----------------	-------

GENERAL INFORMATION

The purpose of this modification is to 1) provide an increment of funds in the amount of \$135,000 and 2) revise Section F periods of performance. Accordingly, said Task Order is modified as follows:

1) The total amount of funds obligated to the task is hereby increased from \$47,148,858.00 by \$135,000.00 to \$47,283,858.00. The total remaining unfunded balance is \$8,070,208.00.

2) Sections B and G are revised to add the following:

CLIN/SLIN	Type of Funds	From (\$)	By (\$)	To (\$)
410004	OPN	0.00	\$30,000.00	\$30,000.00
410005	RDT&E	0.00	\$50,000.00	\$50,000.00
410006	RDT&E	0.00	\$45,000.00	\$45,000.00
610001	OPN	0.00	\$10,000.00	\$10,000.00

3) The total value of the order is hereby increased from \$55,354,066.00 by \$0.00 to \$55,354,066.00.

4) Section G clause entitled "SEA 5252.232-9104 ALLOTMENT OF FUNDS (MAY 1993)" has been revised to read as follows:

ESTIMATED ITEMS	ALLOTED TO COST	ALLOTED TO FEE	PERIOD OF PERFORMANCE
4100	██████████	██████████	21 August 2013
6100	\$██████████	N/A	21 August 2013

5) The Accounting and Appropriation Data added to Section G is as follows:

MOD 71

410004 1300352183 30000.00
LLA :
JD 97X4930 NH1C 251 77777 0 050120 2F 000000 A00001741277

----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION C DESCRIPTIONS AND SPECIFICATIONS

This is a performance-based acquisition for Sonar Tactical Decision Aid Support and is structured around the results to be achieved as opposed to the manner by which the work is to be performed. The effort performed hereunder will be evaluated in accordance with the performance standards/acceptable quality levels described below in the “Performance Requirements Summary” and the evaluation methods described in provision CAR H07 in Section H.

C Sonar Tactical Decision Aid Support. The contractor shall provide upgrades, systems and maintenance in support of the Sonar Tactical Decision Aids and associated training systems. These systems provide Signatures Guidance for utilization and tactical employment of sensors. These include the Sonar Tactical Decision Aid (STDA) on submarines, the Sonar Performance Predictions Functional Segment (SPPFS-STDA) on surface ship configurations and the Sonar Tactical Decision Aid for IUSS (STDA-I) for surveillance systems. Additionally, development in support of the Surface Ship Multimission Team Trainer (SSMMTT), Scalable Tactical Propagation Loss Engine (STAPLE) and the STAPLE Toolkit utilized for signatures propagation modeling and analysis shall be provided by the contractor. The contractor shall also support interface development and integration of the sonar tactical decision aids and supporting modules with additional undersea warfare tactical support systems such as Undersea Warfare Decision Support System (USW-DSS) and Composable Forcenet (CFn) configurations. Primary development will occur at the Naval Surface Warfare Center, Carderock Division in Bethesda, Maryland and integration and testing support will be required at systems integrator and developer sites in locations such as Manassas, VA, Syracuse, NY, Newport RI, San Diego CA. On-site support at both CONUS and OCONUS fleet installations may also be periodically required.

C.1 Sonar Tactical Decision Aid (STDA). The Sonar Tactical Decision Aid (STDA) provides the signature guidance and recommendations to fleet operators as an integrated component of the BQQ-10 Sonar System. It support performance predictions and sonar interfaces for each ownship sensor in addition to battle group and threat centric performance and vulnerability predictions. This configuration is utilized throughout U.S. Submarines.

C.1.1 The contractor shall design and implement upgrades to the STDA based on those required to keep up with Fleet tactical requirements.

C.1.2 The contractor shall support integration and testing of the STDA with the other STDA development team participants and systems integrators.

C.1.3 The contractor shall support maintain STDA delivered to the Fleet through support of system configuration and maintenance updates.

C.2 Sensor Performance Prediction Functional Segment (SPPFS-STDA).

The Sonar Performance Prediction Functional Segment – Sonar Tactical Decision Aid (SPPFS-STDA) provides the signature guidance and recommendations to fleet operators as an integrated component of the SQQ-89 Sonar System. It provides performance predictions and sonar interfaces for each ownship sensor in addition to battlegroup and threat centric performance and vulnerability predictions. SPPFS-STDA configurations are supported across surface ship combatant configurations such as DD(X), LCS, and both backfit and forward-fit installations.

C.2.1 The contractor shall design and implement upgrades to the SPPFS-STDA as required to keep up with Fleet tactical requirements.

C.2.2 The contractor shall support integration and testing of the SPPFS-STDA with the other SPPFS-STDA development team participants and systems integrators.

C.2.3 The contractor shall maintain SPPFS-STDA delivered to the Fleet through support of system configuration and maintenance updates.

C.3 Sonar Tactical Decision Aid IUSS (STDA-I) The Sonar Tactical Decision Aid-IUSS (STDA-I) provides the signature guidance and recommendations to fleet operators as an integrated component of the ICP Sonar System. It provides support for Fixed, Towed, and Deployable sensors. It provides support for Active processing performance and recommendations.

C.3.1 The contractor shall design and implement upgrades to the STDA-I as required to keep up with Fleet tactical

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. FD03	AMENDMENT/MODIFICATION NO. 71	PAGE 33 of 65	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

requirements.

C.3.2 The contractor shall support integration and testing of the STDA-I with the other STDA-I development team participants and systems integrators.

C.3.3 The contractor shall maintain STDA-I delivered to the Fleet through support of system configuration and maintenance updates.

C.4 Sonar Tactical Decision Aid – Future Sensors/Platforms. The Sonar Tactical Decision Aid may provide the signature guidance and recommendations to fleet operators for other platforms or systems. These may include airborne or other sensors. In order to maintain commonality across signature guidance systems the contractor shall implement common models, databases and GUI.

C.4.1 The contractor shall design and implement STDA as required to keep up with tactical sensors and platforms.

C.4.2 The contractor shall support integration and testing of the STDA with the other STDA development team participants and systems integrators.

C.4.3 The contractor shall maintain STDA's delivered through support of system configuration and maintenance updates.

C.5 Surface Ship Multimission Team Trainer (SSMMTT), Scalable Tactical Propagation Loss Engine (STAPLE) and the STAPLE Toolkit. These systems are related to other STDA products in that they use models, databases and GUI common with STDA.

C.5.1 The contractor shall design and implement these as required to keep up with tactical sensors and platforms.

C.5.2 The contractor shall support integration and testing of the these systems with the other development team participants and systems integrators.

C.5.3 The contractor shall maintain these systems as delivered through support of system configuration and maintenance updates.

C.6 Signatures Guidance support for analysis and command and control systems. Signatures Guidance is provided for analysis and command and control systems utilizing Sonar Tactical Decision Aid components, interfaces and extensions. STDA integration with command and control systems such as USW-DSS, TUSW, and CFn are supported through shipboard and shore based configurations. Tactical Environmental analysis in addition to sensor performance and recommendations are integrated with tactical interfaces for contact and sensor configurations.

C.6.1 The contractor shall design and implement upgrades to the analysis and command and control configurations in support of signatures guidance.

C.6.2 The contractor shall support integration and testing of the signature guidance components with command and control and analysis system configurations.

C.6.3 The contractor shall maintain signature guidance components delivered to the Fleet through support of system configuration and maintenance updates.

C.7 Training support for Signatures Guidance and tactical employment of decision aids and sensor systems. Training support for Signatures Guidance products and configurations is required for development of training content, development of training embedded training components into tactical configurations and execution of fleet training at ship and shore-based facilities.

C.7.1 The contractor shall design and implement training functions to support signature guidance components.

C.7.2 The contractor shall support development of training content and curriculum in support of signature guidance components and tactical application of the systems.

C.7.3 The contractor shall maintain signature guidance components delivered to the Fleet through support of system configuration and maintenance updates.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. FD03	AMENDMENT/MODIFICATION NO. 71	PAGE 34 of 65	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

C.8 SUPPORT TECHNOLOGIES. The contractor shall provide the following services in support of each of the 1.0 technologies.

C.8.1 Graphical User Interface (GUI). The contractor shall investigate, recommend, design and implement GUI in support of submarine trainer products.

C.8.2 Software Engineering Management. The contractor shall provide software engineering management in support of submarine trainer products. This shall include the planning of the development and of the releases of submarine trainer systems; documentation of submarine trainer systems; the design and implementation of automated requirements tracking and trouble tracking capabilities; and the planning of future interfaces with external systems.

C.8.3 General Software Maintenance. The contractor shall conduct software maintenance in support of submarine trainer systems. This shall include system administration and configuration management support.

C.8.4 General Hardware Maintenance. The contractor shall conduct hardware preventive maintenance, hardware repair, installation, parts sparing, parts inventorying, and shipping to support delivered and development systems.

C.8.5 Software Engineering. The contractor shall provide general software engineering support as required for the design, prototyping and implementation of submarine trainer products.

C.8.6 Software Integration and Testing. The contractor shall provide both onsite and offsite software integration and testing support as required for submarine trainer products.

C.8.7 Fleet Training. The contractor shall provide training services to the Fleet in support of products they have developed for the submarine trainers.

C.8.8 Training Content. The contractor shall develop content as appropriate for submarine training systems. This will consist of basic, intermediate and advanced training for both officer and enlisted training. Content may consist of introduction, explanation, scenario development, testing and remedial training.

C.8.9 Administrative Support. The contractor shall provide administrative, budgetary, and presentation support as required. The contractor shall provide technical system engineering analysis, review and liaison for hardware and software of training facility trainer/training systems. The contractor shall provide impact analysis reports for all training systems, hardware and software describing technical progress, and identification of potential problem areas.

C.9 GOVERNMENT FACILITIES AND SYSTEMS. Government Facilities. The NSWCCD Prototype Development Facility (PDF) is located at the Naval Surface Warfare Center in West Bethesda, MD. The PDF spaces are secure and house development systems and target machines for PDF products. In addition, the PDF houses computer rooms, workspaces, workstations, and a training/conference room which will be made available to the contractor as dictated by the requirements of delivery order. All system coding is to be performed at the NSWCCD PDF, with the exception of applications which do not require PDF hardware or classified data. All STDA, STAPLE, SSMITT module integration is to be performed at the NSWCCD PDF. System integration is performed at System Integrator sites. It is estimated that 90% of the work will occur at NSWCCD, and 10% at System Integrator sites.

C.10 TRAVEL. Travel for system integration, testing, upgrades and modification include Fair Lakes VA, Manassas VA, Syracuse NY, Uniontown PA, Newport RI, Keyport WA, San Diego CA, Pearl Harbor HI, and Norfolk VA.

C.11 CONTRACTOR FACILITIES AND SECURITY The contractor must have facilities within twenty miles of NSWCCD. The facility shall have a conference room, offices and development spaces. The facility shall have a current SECRET facility clearance. All personnel proposed must have a current SECRET or higher clearance.

C.12 MATERIAL. Material costs will consist of parts required to deliver, modify and maintain submarine trainers. These may include PCs, servers and LINUX workstations, CD, DVD, disk and other storage mediums, peripherals, circuit cards, software, racks, UPS, cables, office supplies and other materials to support system development and finished products. Shipping to and from Fleet assets, Navy labs and vendors will be required.

SECTION G CONTRACT ADMINISTRATION DATA

G17S TOM APPOINTMENT (AUG 2005)

(a) Task Order Ordering Officer hereby appoints the following individual as the Task Order Manager (TOM) for this task order:

Task Order Manager
Daniel C. Rabun
Code 7340
9500 MacArthur Blvd.
West Bethesda, MD 20817-5700
daniel.rabun@navy.mil
(301) 227-3138

(b) The TOM is responsible for those specific functions assigned in the Task Order Administration Plan, attached.

(c) Only the Contracting Ordering Officer (Task Order Ordering Officer) has the authority to modify the terms of the task order. Therefore, in no event will any understanding, agreement, modification, change order, or other matter deviating from the terms of the basic contract or this task order between the contractor and any other person be effective or binding on the Government. If, in the opinion of the contractor, an effort outside the existing scope of this task order is requested, the contractor shall promptly notify the Task Order Ordering Office in writing. No action shall be taken by the contractor unless the Task Order Ordering Officer, or basic contract PCO has issued a formal modification.

SEA 5252.232-9104 ALLOTMENT OF FUNDS (MAY 1993)

(a) This task order is incrementally funded with respect to both cost and fee.

The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this task order for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of the base contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

ITEM(S)	ALLOTTED		ESTIMATED
	TO COST	TO FEE	
100001	\$		Date of award through 30 June 2013
100002			Date of award through 30 June 2013
100003			Date of award through 30 June 2013
100004			Date of award through 30 June 2013
100005			Date of award through 30 June 2013
100006	\$		Date of award through 30 June 2013
100007			Date of award through 30 June 2013
100008			Date of award through 30 June 2013
100009			Date of award through 30 June 2013
100010			Date of award through 30 June 2013
100011		23	Date of award through 30 June 2013
100012	\$		Date of award through 30 June 2013
100013	\$		Date of award through 30 June 2013
100014	\$		Date of award through 30 June 2013
100015	\$		Date of award through 30 June 2013
100016	\$		Date of award through 30 June 2013
100017	\$		Date of award through 30 June 2013
100018	\$		Date of award through 30 June 2013

(b) The parties contemplate that the Government will allot additional amounts to this task order from time to time for the incrementally funded CLINs/SLINs by unilateral modification, and any such modification.

(c) CLINs/SLINs 100001 through 100099; 100101 through 100199; 400001 through 400038 and 300001 through 300099 and 600001 through 600050 are fully funded and performance under these CLINs/SLINs is subject to the clause of the base contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)"(FAR 52.232-21), as applicable.

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the cost of performance of fully funded CLINs/SLINs.

FUNDING PROFILE - The following summarizes the funding provided to date:

Total CPFF	Funds	Previous		Balance
Amount	This Action	Funding	Funds Available	Unfunded
\$55,354,066	[REDACTED]	\$47,148,858	\$47,283,858	\$8,070,208

(End of Clause)

SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall [REDACTED] total man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated that 0 man-hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately 1,368 [Yearly number of labor hours divided by 52 weeks]hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. FD03	AMENDMENT/MODIFICATION NO. 71	PAGE 43 of 65	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

Fee Reduction = Fee((Required LOE minus Expended LOE)divided by Required LOE))

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost overrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man hours up to five percent in excess of the total man hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

(End of Clause)

CAR-G11 INVOICE INSTRUCTIONS (DEC 2007) (NSWCCD)

(a) In accordance with the clause of this contract entitled "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS" (DFARS 252.232-7003), the Naval Surface Warfare Center, Carderock Division (NSWCCD) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

(b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor Quick Reference Guides also are available at <http://acquisition.navy.mil/navyaos/content/view/full/3521/>. The most useful guides are "Getting Started for Vendors" and "WAWF Vendor Guide".

(c) The designated CCR EB point of contact is responsible for activating the company's CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company's CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company's CAGE code at <https://wawf.eb.mil>.

(d) The contractor shall use the following document types, DODAAC codes and inspection and acceptance locations when submitting invoices in WAWF:

Type of Document (*contracting officer check all that apply*)

Cost Voucher (Cost Reimbursable, T&M , LH, or FPI)

DODAAC Codes and Inspection and Acceptance Locations (*contracting officer complete appropriate information as applicable*)

Issue DODAAC	<u>N00167</u>
Admin DODAAC	<u>S5111A</u>
Pay Office DODAAC	<u>HQ0338</u>
Service Approver DODAAC	<u>N00167</u>
Ship To DODAAC	<u>N00167</u>
DCAA Auditor DODAAC	<u>HAA47B</u>

Attachments created in any Microsoft Office product may be attached to the WAWF invoice, e.g., backup documentation, timesheets, etc. Maximum limit for size of each file is 2 megabytes. Maximum limit for size of files per invoice is 5 megabytes.

(e) Before closing out of an invoice session in WAWF, but after submitting the document(s), you will be prompted to send additional email notifications. Click on "Send More Email Notification" and add the acceptor/receiver email addresses noted below in the first email address block, and add any other additional email addresses desired in the following blocks. This additional notification to the government is important to ensure that the acceptor/receiver is aware that the invoice documents have been submitted into WAWF.

Send Additional Email Notification To:
daniel.rabun@navy.mil

(f) The contractor shall submit invoices/cost vouchers for payment per contract terms and the government shall process invoices/cost vouchers for payment per contract terms. Contractors approved by DCAA for direct billing will submit cost vouchers directly to DFAS via WAWF. Final voucher submission will be approved by the ACO.

(g) The WAWF system has not yet been implemented on some Navy programs; therefore, upon written concurrence from the cognizant Procuring Contracting Officer, the Contractor is authorized to use DFAS WinS for electronic end to end invoicing until the functionality of WinS has been incorporated into WAWF.

(h) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NSWCCD WAWF point of contact at (301) 227-5419.

SECTION H SPECIAL CONTRACT REQUIREMENTS

CAR-H07 Prospective Fee Amount Reduction Incentive Plan (APR 2004) (NSWCCD)

(a) Introduction: The contractor's performance on task orders issued under this contract will be evaluated by the Government as described in this contract clause. The first evaluation will cover the period ending twelve months after date of contract award with successive evaluations being performed for each twelve-month period thereafter until the contractor completes performance under all task orders. For each twelve-month period, the Government will evaluate the contractor's performance under each individual task order. The evaluation will encompass all work performed by the contractor at any time during the twelve-month period but will not include cumulative information from prior reports. However, at the discretion of the Contracting Officer, the evaluation may be waived for any individual task order where the work performed by the contractor during the twelve-month period is less than 90 days. Based on the evaluation results for each task order, the Contracting Officer will assign an overall performance rating to the individual task order in accordance with paragraph (b) of this clause. If the Contracting Officer assigns an "Unsatisfactory" performance rating to a task order for the period evaluated, the Contracting Officer will take unilateral action to provide for a fee reduction for that task order covering the performance period evaluated.

(b) Performance Ratings: The Government will evaluate the contractor's performance of the Statement of Work for each task order, and the Contracting Officer will assign one of the following ratings:

- (1) Excellent
- (2) Very Good
- (3) Satisfactory
- (4) Unsatisfactory

The standards associated with these ratings are given in the following Table 1.

Table 1: Overall Performance Ratings for Individual Task Orders

Overall Performance Rating	Standard
Excellent	"Excellent" ratings for all performance evaluation criteria.
Very Good	A combination of "Excellent" and "Satisfactory" ratings determined by the Contracting Officer to exceed Satisfactory" overall.
Satisfactory	A minimum of "Satisfactory" ratings for all performance evaluation criteria.
Unsatisfactory	A rating of "Unsatisfactory" for one or more performance evaluation criteria.

(c) Incentive Objectives. The purpose of including a prospective fee amount reduction incentive in this contract is to ensure that the Government receives at least "Satisfactory" overall performance under each task order.

(d) Performance Evaluation Criteria. The contractor's performance under each task order will be evaluated using the criteria and standards provided for each objective, and identified in Tables 2 through 4 of this contract clause.

(e) Organization. The performance evaluation organization consists of the Contracting Officer, who will serve as the Incentive Determining Official, and the Contracting Officer's Representative (COR) (the COR is replaced by a Task Order Manager (ToM) for SeaPort-e task orders). In some instances, a Technical Point of Contact (TPOC) will be assigned to the contract or task order in lieu of a COR/ToM.

(1) Contracting Officer: The Contracting Officer is responsible for properly administering the performance evaluation

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. FD03	AMENDMENT/MODIFICATION NO. 71	PAGE 63 of 65	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

process, maintaining the official performance evaluation file, and making incentive determinations.

(2) COR: The COR maintains the written records of the contractor's performance so that a fair and accurate evaluation is obtained. The COR coordinates and compiles the evaluation reports. In the case of a SeaPort-e task order, in lieu of a COR, a Task Order Manager (ToM) will maintain the records and coordinate/compile the evaluation reports.

(3) Technical Points of Contact (TPOCs). When assigned, the TPOC will provide ongoing performance monitoring, evaluate task performance based on the task order SOWs and assist in the preparation of the evaluation report .

(f) Evaluation Schedule. Each performance evaluation period will be 12 months in

length. The Government will evaluate all work performed by the contractor at any time during the twelve-month period unless waived by the Contracting Officer in accordance with paragraph (a) of this clause. Following each evaluation period, the Contracting Officer (or Contract Negotiator if so designated by the Contracting Officer and the COR/TPOC/ToM, as appropriate, will hold a meeting with the contractor's Senior Technical Representative to review performance under the task order, including overall trends, specific problem areas, if any, and their resolution. Other Government and contractor personnel may also participate as deemed appropriate.

(g) Contractor's Review of the Evaluation Report and Self-Evaluation. The Contracting Officer will provide the evaluation report to the contractor as soon as practicable after completion of the evaluation. Contractors shall be given a minimum of 15 calendar days to submit comments, rebut statements, or provide additional information. The contractor may also submit a Self-Evaluation Report for consideration. The report must include an overall performance rating for the contract or task order covering the evaluation period and may include whatever information the contractor deems relevant to support that rating. The report shall not exceed two (2) pages in length.

(h) Incentive Determination. The Contracting Officer will make an incentive determination for each task order at the end of each evaluation period. The determination will be based upon the COR's/TPOC's/ToM's recommendations, the contractor's comments including any Self-Evaluation Report, and any other information deemed relevant by the Contracting Officer. The Contracting Officer shall resolve disagreements between the COR's/TPOC's/ToM's recommendations and the contractor's comments/report regarding the evaluation. The Contracting Officer's incentive determination is unilateral and final. The Contracting Officer will document the determination and provide a copy to the contractor.

(i) This performance evaluation does not replace any other requirement for evaluating contractor performance that may be required by this contract or task order such as a Contractor Performance Assessment Reporting System (CPARS) report, or a Task Order Performance Evaluation (TOPE) report in the case of a SeaPort-e task order.

SECTION I CONTRACT CLAUSES

Section I contract clauses in accordance with Section I of the base IDIQ contract.

Clause no. 52.237-3 entitled Continuity of Services is hereby invoked.

252.227-7017 IDENTIFICATION AND ASSERTION OF USE, RELEASE, OR DISCLOSURE RESTRICTIONS (JUN 1995)

CAR-I18 TECHNICAL INSTRUCTIONS (DEC 2001)

(a) Performance of the work hereunder may be subject to written technical instructions signed by the Task Order Manager. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor that suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the statement of work.

(2) Guidelines to the Contractor that assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the task order. Technical instructions may not be used to :

(1) assign additional work under the task order;

(2) direct a change as defined in the "Changes" clause of the base contract;

(3) increase or decrease the contract price or estimated amount (including fee), as applicable,

the level of effort, or the time required for task order performance; or

(4) change any of the terms, conditions or specifications of the task order.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the task order or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contracting Officer notifies the Contractor that the technical instruction is within the scope of this task order.

(d) Nothing in the paragraph (c) of this clause shall be construed to excuse the Contractor from performing that portion of the task order statement of work which is not affected by the disputed technical instruction.

(End of Clause)
