----------------------------------	----------------------------	----------------------------------	----------------	-------

## GENERAL INFORMATION

The purpose of this modification is to deobligate SLIN 440103 \$16,764. Accordingly, said Task Order is modified as follows:

1. Section B, SLIN 440103, deobligate \$16,764 Labor

4401	From	By	To
Cost	\$585,068.22	-\$15,598.13	\$569,470.09
Fixed Fee	\$43,730.50	-\$1,165.87	\$42,564.63
Total CPFF	\$628,798.72	-\$16,764.00	\$612,034.72

2. As a result, the task order funding profile is changed as follows:

	From	By	To
Funded Labor	\$43,637,114.52	-\$15,598.13	\$43,621,516.39
Funded Fee	\$3,263,126.41	-\$1,165.87	\$3,261,960.54
Funded ODC	\$2,456,043.75	\$0.00	\$2,456,043.75
Total Funded	\$49,356,284.68	-\$16,764.00	\$49,339,520.68

A conformed copy of this Task Order is attached to this modification for informational purposes only.

The total amount of funds obligated to the task is hereby decreased from \$49,562,535.68 by \$16,764.00 to \$49,545,771.68.

CLIN/SLIN	Type Of Fund	From (\$)	By (\$)	To (\$)
440103	RDT&E	20,863.00	(16,764.00)	4,099.00

The total value of the order is hereby increased from \$49,877,382.00 by \$0.00 to \$49,877,382.00.

## SECTION C DESCRIPTIONS AND SPECIFICATIONS

## SECTION C DESCRIPTIONS AND SPECIFICATIONS

### List of Acronyms for SOW

<b>ACRONYMS</b>	<b>Definition</b>
ALMDS	Airborne Laser Mine Detection System
ALSP	Acquisition Logistics Support Plans
AMNS	Airborne Mine Neutralization System
ASW	Anti-Submarine Warfare
BPAUV	Battlespace Preparation Autonomous Underwater Vehicle
BSMT	Battlespace Management Tool
C2	Command and Control
CCB	Configuration Control Board
CDB	Corporate Data Base
CDD	Capability Development Document
CDRL	Contract Data Requirements List
CM	Configuration Management
CMA	Configuration Management Agent
CMPTT	Common Mission Package Tactical Trainer
COE	Concept of Employment
COMOPTEVFOR	Commander Operational Test and Evaluation Force
COMSURFLANT	Commander Naval Surface Forces Atlantic
COMSURFPAC	Commander Naval Surface Forces Pacific
CONOPS	Concept of Operations
CONUS	Continental United States
COVE	Conning Officer Virtual Environment
CSCI	Computer Software Configuration Item
CSOSS	Combat System Operation Sequencing System
CSPP	Crew Scheduling and Phasing Plan
DCN	Design Change Notice
DET	Detachment
DLA	Defense Logistics Agency
DMSMS	Diminishing Manufacturing Sources and Material Shortages
DOD	Department of Defense
DON	Department of Navy
ECP	Engineering Change Proposal
ESOH	Environmental Safety and Occupational Health

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 53 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

EVM	Earned Value Management
FAT	Fleet Acceptance Testing
FCB	Field Change Bulletins
GFE	Government Furnished Equipment
GFI	Government Furnished Information
HIS	Human Factors Integration
HTL	Hazard Tracking Log
ICAPS	Integrated Computer Aided Provisioning System
ICD	Interface Control Document
IETM	Interactive Electronic Technical Manual
IPR	In-Process Review
ISP	Interim Support Plan
ISSP	In-Service Support Plan
JUSC2	Joint Unmanned Systems Common control
LCS	Littoral Combat Ship
LMW	Littoral and Mine Warfare
LORA	Level of Repair Analysis
LRFS	Logistic Resource Funding Summary
MCM	Mine Countermeasure
MEDAL	Mine Warfare and Environmental Decision Aids Library
MIP	Maintenance Index Page
MIW	Mine Warfare
MP	Mission Package
MPAS	Mission Package Application Software
MPDL	Mission Package Development Laboratory
MPI	Mission Package Integrator
MPSF	Mission Package Support Facility
MRC	Maintenance Requirements Card
MVCS	Multi-Vehicle Communications System
NAVAIR	Naval Air Systems Command
NAVSEA	Naval Sea Systems Command
NMAWC	Naval Mine and Anti-Submarine Warfare Command
NOR	Notice of Revision
NSWC PCD	Naval Surface Warfare Center Panama City Division
NTSP	Naval Training System Plan
NTTS	Networked Tactical Trainer System
NUWC	Naval Undersea Warfare Center
OASIS	Organic Airborne and Surface Influence Sweep
OCONUS	Outside Continental United States
OGM	Operational Guidelines Manual
ONR	Office of Naval Research
OPMA	Organic Post Mission Analysis

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 54 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

OPNAV	Chief of Naval Operations
OSD	Office of the Secretary of Defense
PBMS	Project and Business Management Systems
PCR	Problem Change Report
PEO	Program Executive Office
PESHE	Programmatic Environment Safety and Health Evaluation
PMS	Program Management Sea
PQS	Personnel Qualification Standards
PTD	Provisioning Technical Documentation
QA	Quality Assurance
QASP	Quality Assurance Surveillance Plan
RAMICS	Rapid Airborne Mine Clearance System
RCM	Reliability Centered Maintenance
RMFS	Remote Minehunting Functional Segment
RMS	Remote Minehunting System
RMV	Remote Minehunting Vehicle
RMV_CTL	Remote Minehunting Vehicle Control
SAMP	Single Management Acquisition Plan
SHIPMAIN	Ship Maintenance
SME	Subject Matter Expert
SOW	Statement of Work
SPP	System Problem Reports
SPS	Software Product Specification
SSA	Software Support Activity
SSMP	System Safety Management Plan
SSP	System Safety Plan
STR	Software Test Report
SU	Software Unit
SUW	Surface Warfare
SVD	Software Version Descriptions
SW	Software
TDA	Technical Design Agent
TFR	Technical Feedback Report
TTE	Technical Training Equipment
USV	Unmanned Surface Vehicle
WBS	Work Breakdown Structure
WEBFLIS	Federal Logistics Information Service Web Inquiry
WSESRB	Weapon System Explosives Safety Review Board

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 55 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

The Naval Surface Warfare Center Panama City Division (NSWC PCD) is responsible for the execution of multiple tasks to various Naval Sea Systems Command (NAVSEA) sponsors including PMS 501 (LCS), PMS 420 (LCS Mission Modules), PMS 403 (Unmanned Maritime Vehicles), and PMS 495 (Mine Warfare). The Modular Integration Division (Code A30) and the Offboard Systems Development Branch (Code A41) must coordinate all projects, share information, and communicate across the numerous divisions and branches that will be involved in executing this tasking so that sponsor's needs are satisfied and NSWC PCD resources are best utilized.

The Littoral Combat Ship (LCS) will be the primary focus of this Statement of Work (SOW). The primary missions of the LCS, as currently envisioned, include small boat defense, Mine Countermeasures (MCM), shallow water Anti-Submarine Warfare (ASW), Maritime Interdiction Operations, and potentially special operations. Furthermore, LCS will execute these missions utilizing a host of unmanned vehicles and off board sensors. NSWC PCD, as the Littoral Warfare Center of Excellence, has these mission areas as core competencies and is organized to support the LCS program from requirements generation through life cycle support. This multidisciplinary team approach is necessary for the integrated and concurrent nature of the multiple LCS tasks' environment to ensure that all task teams have the best available and most consistent information on requirements, engineering, planning, and resource allocation. The team consists of representatives from all mission areas and related disciplines. Code A30 and A41 will plan and monitor the execution of all NSWC PCD LCS activities and keep an up to date strategic roadmap for business development.

The task areas defined in this Statement of Work (SOW) describe the Contractor requirement to provide a level of effort of support for program functions, business and financial support functions, hardware design engineering, software engineering, system engineering, operational analysis and operational documentation to support NSWC PCD within the areas described in section 3.0 below.

## **2.0 APPLICABLE DOCUMENTS**

The following documents, of the exact issue shown, form a part of this SOW to the extent specified herein. In case of conflict between the document referenced herein and the contents of this SOW, the contents of this SOW will take precedence. Second tier and lower reference documents (i.e., documents referenced in the primary references) will be for guidance only.

### **2.1 Military Specifications and Standards:**

- (a) MIL-STD-882D DoD Standard Practice for System Safety

### **2.2 Other Documents:**

- (a) DoD Defense Acquisition Deskbook, current version
- (b) U.S. Government Printing Office, Style Manual
- (c) Capability Development Document for Littoral Combat Ship dated April 2004
- (d) Littoral Combat Ship Concept of Operations dated December 2004
- (e) LCS Reconfigurable Mission Package Interface Control Document (most recent version)
- (f) Single Acquisition Master Plan for Littoral Combat Ship Mission Module Program dated December 2004
- (g) Littoral Combat Ship Platform Wholeness Concept of Operations Revision 1, dated 15 April 2006
- (h) Operational Test Director's Manual (COMOPTEVFOR)

## **3.0 REQUIREMENTS**

The Contractor shall provide all labor and materials required to provide the level of effort necessary to support the following task areas. The performance objectives/acceptable quality levels (measurable outcomes) for each requirements paragraph are stated in the Task Order Quality Assurance Surveillance Plan (QASP), attachment J.4.

### **3.1 Program, Business, Financial, and Documentation Support Functions**

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 56 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

### 3.1.1 Meeting Support

The Contractor shall attend, as needed, all Modular Integration Division and Offboard Systems Development Branch level staff meetings (estimated to occur on a weekly basis during the period of performance) and provide meeting minutes, action items, and support the Divisions and Branches in scheduling meetings, coordinating resources, tracking action items, and other administrative actions as required. (CDRL A002)

### 3.1.2 Presentations

The Contractor shall develop electronic multi-media presentations covering emerging operational concepts, processes, and strategies, and integrate these presentations with current electronic media. The Contractor shall provide expert advice on the operational concept/processes, graphic formulations, and depictions. Presentations are in support of the LCS staff meetings and in response to Chief of Naval Operations (OPNAV), Program Executive Office (PEO) Ships, Office of Naval Research (ONR), Office of the Secretary of Defense (OSD) and PEO Littoral and Mine Warfare (LMW) tasking. (CDRL A003)

### 3.1.3 Financial Reporting

The Contractor shall provide ongoing program financial accounting support by performing downloads from both Project and Business Management Systems (PBMS) and Corporate Database (CDB) Web, as required. Historical data extracted from these financial support systems will be used by NSWC PCD to develop monthly progress reports to Sponsors, including PMS501, PMS420, PMS 403, and PMS 495. In addition, the data will be used to support NSWC PCD internal management reviews as well as Quarterly Project Reviews with NSWC PCD Littoral and Mine Warfare Systems (Code A) Department Sponsors. The Contractor shall also support requirements for specific cost data calls by implementing unique queries or quick hits, as required. The Contractor shall gather and compile the monthly accomplishments for each task from each project task leader via the Project Engineers. The monthly reports will be prepared by the 10th of each month for the preceding month's report. (CDRL A004)

### 3.1.4 Earned Value Management

The Contractor shall maintain the tailored Earned Value Management process and system currently in use by Code A30 to support the overall management tracking and reporting requirements of the LCS program. The system will ensure that the cost, schedule, and technical aspects of the program are integrated to provide an accurate picture of program status, provide the basis for course correction, and bring projects in on schedule and within budget. (CDRL A005)

### 3.1.5 Program Support

The Contractor shall provide expert knowledge, experience and support in the area of Littoral Warfare systems acquisition, engineering development, and sustainment. Recommendations are to be made regarding future Littoral Warfare System development and production strategy to optimize the utility to the U.S. Navy. This effort will include attendance and participation in discussions with LMW leadership, and meetings with NSWC PCD department, division, and branch level managers. The Contractor shall provide expert knowledge, experience and support in the area of Littoral Warfare systems acquisition DOD programmatic documentation by developing DOD acquisition documents such as Functional Solutions Analyses, Initial Capability Documents, Capability Development Documents, and Capability Production Documents (including all of the supporting Strategies, Analyses, Plans, Evaluations and Assessments) for Littoral Warfare Systems Acquisition Programs. (CDRL A006)

## 3.2 Hardware Engineering and Technical Support

The Contractor shall provide engineering , engineering documentation and fabrication including design, analysis, testing, solid models, sketches, drawings, hardware repair, integration modifications and fabrication as required. The Contractor shall ensure project tasks maintain a positive documentation management process to ensure all aspects of design including analysis, solid models, drawings, fabrication objective quality evidence and prototype hardware are traceable and meet project requirements. **In instances where the requirement for Communication Security (COMSEC) information is invoked, the Contractor shall ensure all COMSEC equipment and information is handled, stored and protected in accordance with National Security Agency requirements.**

(CDRL A007)

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 57 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

### 3.3 LCS MP Systems Safety

The Contractor shall maintain the required MIW Mission Package (MP) safety log, prepare and implement schedules, conduct briefs, submit applicable Systems Safety milestone documents and reports, attend and actively participate in meetings and training, track data exchanges of Systems Safety information, and provide administrative support. The MIW MP System Safety Plan (SSP) describes the management framework, requirements, and assigns functional responsibility in accordance with MIL-STD-882D, DoD "Standard Practice for System Safety", and the Mission Package Systems Safety Management Plan (SSMP). The Contractor shall maintain continuous interface with all mission systems, modules, and mission package sub-elements and functional area representatives including Human Factors Integration (HSI) branch, facilities, Command and Control, tactics, and associated sub-systems/component developers as necessary to ensure proper integration and application of the MIW MP SSP. The Contractor shall provide direct assistance to the MIW MP Systems Safety Lead (NSWCPCD agent) in the LCS/MP ESOH Integration effort. Specifically, the Contractor shall assist the MIW Systems Safety Lead developing and integrating MCM MP Programmatic Environment, Safety and Health Evaluation (PESHE) into the overarching scope of the LCS program. The Contractor shall interface with external LCS activities including Seaframe developers, other Navy labs, the Naval Air Systems Command (NAVAIR) Ship Integration, Weapon System Explosives Safety Review Board (WSESRB), PMS 420, PMS 403, PMS 495, and PMS 501 and other such activities as necessary. (CDRL A008)

### 3.4 Systems Engineering

The Contractor shall provide expert knowledge and experience in U.S. Navy shipboard operations, MCM systems design and employment, MCM tactics, and LCS MCM Mission Package, systems, manning, and operations. The Contractor shall investigate requirements for operational employment, manning, and tactics of MCM systems to be deployed on LCS as part of the Spiral Development of the MCM MP. Using this knowledge, the Contractor shall support the system and subsystem requirements formulation by preparing LCS MCM module loadouts, watch station analyses, operational sequence diagrams, and tactics inputs to be documented in an LCS MCM Mission Package Concept of Employment (COE) for MCM MP Spiral A and subsequent Spirals B. C. etc. This document will be an update of a draft from a previous development. In consonance with documents such as the Capability Development Document (CDD) for LCS, LCS CONOPS, LCS Reconfigurable Mission Package Interface Control Document, LCS Mission Module SAMP, MCM mission system program of record testing, and MIW mission analysis studies, the Contractor shall - working with NSWC PC LCS project personnel - assist in the preparation of system development and operational recommendations for MCM integration into future Fleet operations. The COE development requires continuous interface with a number of programs and activities. The Contractor shall maintain liaison with NMAWC, Commander Naval Surface Forces Atlantic (COMSURFLANT), Commander Naval Surface Forces Pacific (COMSURFPAC), OPNAV, Commander Operational Test and Evaluation Force (COMOPTEVFOR), Naval Undersea Warfare Center (NUWC), NAVAIR, PMS420, PMS 403, PMS 495 and PMS501 and other such activities as these organizations identify. The Contractor shall develop and support COE briefs, receiving and incorporating comments, engaging Fleet in operational issues, expanding detail of COE documents with operational timelines, examining new concepts for the MCM Mission Package utilization in future spirals, coordinating Fleet review of LCS MCM Mission Package requirements, human-machine interface demonstrations, and MCM Mission Package Spiral Development testing.

The Contractor shall, utilizing the Concept of Operations (CONOPS) and user documentation developed as part of the LCS MCM Mission Package, and using the AN/WLD-I(V)I Remote Minehunting System Operational Guidelines Manual (OGM) for guidance, develop an LCS MCM Mission Package OGM that provides direction on mission package employment and operation from a command, supervisory, and operator perspective. The OGM shall include tactical and environmental considerations, system descriptions and specifications, system handling descriptions, watchstation instructions, and display and control descriptions.

The Contractor shall provide systems engineering support in evaluating system problem reports for the performance of the LCS MIW mission systems and modules against the requirements of the LCS CDD, CONOPS, and Interface Control Document (ICD) and mindful of the MIW MP Spiral Development Strategy. This will include technical and operational evaluation of the minehunting, mine sweeping, and mine neutralization systems such as the Remote Minehunting System (RMS), AN/AQS-20A Minehunting Sonar, Airborne Laser Mine Detection System (ALMDS), Airborne Mine Neutralization System (AMNS), Battlespace Preparation Autonomous Underwater Vehicle (BPAUV), EOD systems, Unmanned Surface Vehicle, (USV), Rapid Airborne Mine Clearance System (RAMICS), Joint Unmanned Systems Common control (JUSC2), Unmanned Vehicle Common Control (UVCC), The MIW Toolset, Organic Post Mission Analysis (OPMA) and the Organic Airborne and Surface Influence Sweep

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 58 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

(OASIS). These technical performance measure evaluations shall be documented and reported monthly, if required. (CDRL A009)

### **3.5 LCS Command and Control (C2) Software (SW) Development Support**

The Contractor shall provide engineering, integration, testing and documentation support for LCS C2 software development. Efforts will include: supporting requirements, design, and implementation analysis; providing programming and network support; developing and maintaining an Integration Notebook that contains the installation, setup, and configuration parameters for each of the software packages; running prescribed test scripts for software test events; installing computer software configuration items (CSCIs); reviewing and commenting on C2 software design documentation; developing and maintaining an MIW C2 Technical Operators Manual; and developing and maintaining software user guides. The Contractor shall also support the implementation of the LCS MCM MP Software Support Activity (SSA). (CDRL A010, A011)

### **3.6 MIW MP Software Engineering**

The Contractor shall perform software engineering tasks for the continued design, development, testing, and sustainment of MIW MP software, including Mission Package Application Software (MPAS), Battlespace Management Tool (BSMT), Multi-Vehicle Communications System (MVCS), and future builds. To accomplish these tasks, the Contractor shall participate in technical meetings, briefings, presentations, and reviews. The Contractor's and the Government's rights in computer software developed and/or delivered under this task order will be governed by the clause at DFARS 252.227-7014. If the contractor intends to deliver software to the Government with restrictions on the Government's rights to use or distribute the software, the contractor shall give the Government advance notice of such intent as required by DFARS 252.227-7014. Otherwise, the software will be delivered to the Government with unlimited rights as that term is defined in the clause. For all data deliverables, standard documentation formats and standards shall be leveraged wherever possible. (CDRL A013)

#### **3.6.1 Software Testing**

The Contractor shall perform checkout functions, debugging, and software integration. The Contractor shall provide test integration of individual modules, subroutines, subsystems, and systems. Levels of testing shall include Software Unit (SU) testing, Computer Software Configuration Item (CSCI) testing, Build Testing, and Fleet Acceptance Testing (FAT). The Contractor shall generate and submit test procedures for each Build. The Government will review and approve FAT test procedures prior to FAT testing events. A Government representative shall be on-site to witness the FAT events. Following FAT, the Contractor shall generate and submit a Software Test Report (STR) documenting the results of software testing. (CDRL A012, A013)

#### **3.6.2 Software Configuration Management Support**

The Contractor shall provide configuration management support for all MCM efforts including integration documentation and software code. Tasks including the following: Generation of MCM MPAS Software Version Descriptions (SVD's), configuration management (CM) of MCM MPAS Build Integration Efforts, Test Readiness Review Support, and Configuration Control Board (CCB) support. (CDRL A014)

#### **3.6.3 Mine Warfare and Environmental Decision Aids Library (MEDAL) / BSMT Integration Support**

The Contractor shall provide support for the integration of MEDAL and BSMT products in the MPAS development and test environment in the Mission Package Development Laboratory (MPDL). This task includes installation and checkout of software in the MPAS environment; and providing technical feedback from any MEDAL Program of Record and/or GCCS-M changes and updates that would affect the MPAS baseline. (CDRL A015, A016)

#### **3.6.4 BSMT Software Support**

The Contractor shall provide software engineering support for any changes required to the BSMT software. It is expected that only high priority Problem Change Reports (PCRs) generated during MPAS testing will be corrected and a new build provided to MPAS for integration testing. (CDRL A017, A018)

### **3.7 System/Subsystem Software Requirements Support and Review**

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 59 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

The Contractor shall provide software engineering expertise to support seaframe and MP system Prime Contractors in resolving software fixes / software problem reports. This task includes software system engineering and consulting on proposed fixes; working with vendors in designing tests of fixes to verify the issue has been resolved; and performing regression testing and making recommendations to the Government concerning certification issues/software problem reports. Recommendations should include whether the issue/software problem has been satisfactorily resolved and can therefore be closed. Contractor will also support system longevity testing. Not later than 24 hours following the resolution of issue/problem report closure criteria, the Contractor shall provide a written report of approximately one page detailing:

- a. the serial number of the issue/problem report
- b. a description of the problem and the impact on the system (why is it a problem), written in layman's terms
- c. a description of the solution, written in layman's terms
- d. the closure criteria used to evaluate the solution
- e. a description of the test results and whether or not the test was successful.

The Contractor shall continue to support NSWC PCD in the review of Prime Contractor CDRL products including the Software Product Specification (SPS) and SVD for the Remote Minehunting Functional Segment (RMFS), Data Link Control, RMV Control (RMV\_CTL) , and Sensor Signal Processor (RMV\_SSP). The Contractor shall participate in identifying and evaluating System Problem Reports (SPRs), validating software design requirements have been met and verifying the Prime Contractor incorporates SPR resolutions into formal submissions to the Navy. The Contractor will assist with and witness on-going subsystem and system test record runs and longevity testing. (CDRL A019)

### **3.8 Mission Package Development Lab (MPDL) support**

The Contractor shall provide logistics and technical support to the LCS MPDL. Efforts will include: maintaining a resource description guide and serving as a point of contact on information pertaining to all LCS MPDL hardware assets available for use; maintaining an LCS MPDL usage schedule to include asset allocation, integration, certification and test events, and maintenance; supporting the systems engineer and the systems administrators in ensuring supportability, maintainability and availability of the MPDL hardware assets for all scheduled events; performing inventory control and monitoring flow of assets using a developed process for bar coding hardware; maintaining the LCS MPDL by continuing the established requirements review process that evaluates emerging and changing requirements; and providing periodic revision releases. (CDRL A020)

### **3.9 Provide Mission Package (MP) Technical design Agent (TDA) Support**

The Contractor shall support NSWC PCD in their role as Mission Package Integrator (MPI) TDA for management and support for all Mission Packages, MCM, Anti-Submarine Warfare (ASW), and Surface Warfare (SUW). The Contractor shall support NSWC PCD Management in transition efforts for MPI reproduction of all MP and technical drawing packages. The Contractor shall provide the appropriate level of SMEs (based on thorough knowledge and experience of the systems) to support the MPI in reproducing all MP and technical drawing packages in a timely, efficient and technically sound manner. The Contractor shall identify limitations, regulatory and military standard violations, risks, and shortfalls within the reproductions efforts and provide suggestions for viable workarounds (doing by working with Industry to first understand the problems). The Contractor shall validate thru observation, simulation and/or test that required functionality is present and that requirements are met in the reproduced MPs and technical drawings. The Contractor shall also support these subtasks: receive, archive, QA, route, and follow-up on actions for all PMS 420 CDRLs from the NG/MPI for the all MP, Ship Equipment and T&E tasking. Work includes preparation of TIs for related tasking; schedule development and monitoring; establishment of EVM metrics (Integrated Baseline Review (IBR) participation/direction); analysis/verification of program controls data; collection, distribution, review and reporting of program data deliverables. (CDRL A021, A022, A023)

#### **3.9.1 Provide TDA Engineering Changes Proposal (ECP) Configuration Management**

The Contractor shall provide ECP Configuration Management support to the MPI-TDA by creating the necessary linkage between the support contractor and NSWC PCD to establish and maintain a complete LCS MPI ECP tracking, monitoring, and updating program. This program will allow the support contractor and NSWC PCD

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 60 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

technical staff to work cooperatively to identify emerging ECP requirements associated with the LCS MPI process for MCM, ASW, and SUW Mission Packages. In support of these requirements, the Contractor shall provide a Configuration Management interface with the various LCS MP CCBs in the form of an MPI-TDA Configuration Management Agent (CMA) this CMA will:

- (a) coordinate the processing of all ECPs related to the LCS MPI,
- (b) ensure that the ECP process remains fully documented and is progressing forward as scheduled and
- (c) track the receipt of each ECP to/from the support contractor and NSWC PCD.

The CMA will additionally ensure that all actions associated with each ECP are documented in CMPro, ACCESS, NGC Teamcenter Enterprise or support contractor Teamcenter Community as required by the MPI TDA., these actions will include presenting support contractor with a proposed ECP identified by the LCS MP CCB, obtaining an ECP Tracking Number from support contractor for the ECP, then making the ECP electronically available to all parties in CMPro and any of the additional websites delineated above as necessary. The CMA will catalog and report the progress of ECP action items assigned to the individual SMEs assign a priority to each ECP in conjunction with the MPI TDA, and report ECP completion status back to the appropriate LCS MP CCB and PMS 420.

### **3.10 Mission Package Integrated Logistic Support (ILS) Management**

The Contractor shall provide technical expertise in ILS planning for LCS MPs including Planned Maintenance, Configuration Management, Training Support, Provisioning Support, and other Technical Documentation. (CDRL A021, A022)

#### **3.10.1 ILS Documentation**

The contractor shall develop and update ILS plans in accordance with the applicable military standards, Department of Defense (DOD) and Depart of the Navy (DON) directives. Documentation to be developed and updated includes:

- Acquisition Logistics Support Plans (ALSP)
- Interim Support Plan (ISP)
- In-Service Support Plan (ISSP)
- Logistic Resource Funding Summary (LRFS)
- Maintenance Plan
- Level of Repair Analysis
- Embarkation Plans
- Diminishing Manufacturing Sources and Material Shortages (DMSMS) Plans
- DMSMS Management Guides

#### **3.10.2 Maintenance Planning**

The contractor shall develop and update maintenance planning documentation to reflect design progression and new designs for the LCS MPs. The contractor shall develop and update Level of Repair Analysis (LORA) documents. The contractor shall document the results of the LORA and RCM analysis into maintenance plans. The contractor shall conduct Reliability Centered Maintenance (RCM) analyses IAW MIL-P-24534A (NAVY). The contractor shall develop and update Maintenance Requirements Cards (MRCs) and Maintenance Index Pages (MIPs) based on the results of the RCM or as a result of a Technical Feedback Report (TFBR). The contractor shall construct the MRC/MIP packages in the Government Furnished Equipment (GFE) provided Navy Planned Maintenance System Editor (NPE) software tool.

#### **3.10.3 Supply Support – Provisioning**

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 61 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

The contractor shall develop Provisioning Technical Documentation (PTD) IAW DOD 4100.38M and shall develop the PTD using the Integrated Computer Aided Provisioning System (ICAPS). The contractor shall develop the PTD IAW the guidance provided during the provisioning guidance conference. The contractor shall participate in the provisioning guidance conference and other provisioning conferences. The contractor shall ensure the PTD is validated using the ICAPS software validation tool prior to submission to NSWC PCD. The contractor shall update PTD using Design Change Notices (DCNs) as directed by the ILS manager. The contractor shall conduct Defense Logistics Agency (DLA) screening using the Federal Logistics Information Service Web Inquiry (WEBFLIS) internet service. The contractor shall document the results of the screening into the PTD prior to submission to the Government technical representative.

#### **3.10.4. Technical Manuals**

The contractor shall develop source data for technical manuals, Combat System Operation Sequencing System (CSOSS), and Quick Reference Guides for LCS MPs. The contractor shall format technical manual source data IAW AECMA Standard S1000D. The contractor shall use the GFE provided CONTENTA database to format the technical manual source data into an Interactive Electronic Technical Manual (IETM). The contractor shall participate in validation and verification efforts for both CSOSS and IETMs. The contractor shall participate in 30%, 60%, and 90% In-Process Reviews (IPRs). The contractor shall incorporate changes to the IETM, CSOSS, and Quick Reference Guide. The contractor shall provide source data and shall prepare written technical content for the production of CSOSS. The contractor shall provide source data and shall author technical content for the production of Quick Reference Guides.

#### **3.10.5 Training**

The contractor shall develop and coordinate inputs into the Naval Training System Plan (NTSP) for the LCS MP. The contractor shall develop and update vendor curriculum for the LCS MP. The contractor shall coordinate the conduct of vendor training for the LCS MP Detachment (DET) sailors, Mission Package Integrator (MPI), and technicians from the Mission Package Support Facility (MPSF). The contractor shall ensure the vendor training is ready for conduct and shall ensure all Subject Matter Experts (SMEs) are ready and available to conduct vendor training. The contractor shall ensure all course agendas, instructional media packages, student guides, and instructor guides are prepared and ready five days prior to the conduct of the vendor training. The contractor shall schedule vendor training sessions and shall ensure all facilities and Technical Training Equipment (TTE) are ready and available for use on the designated training date. The contractor shall develop formal curriculum IAW NAVSEA guidance, training regulations, and the approved LCS MP NTSP. The contractor shall submit the formal curriculum for the LCS MP for review and comment. The contractor shall participate in training working groups, meetings, and In-Process Reviews (IPRs). The contractor shall provide technical expertise and shall participate in the development of Personnel Qualification Standards (PQS) for the LCS MP. The contractor shall review and provide feedback and recommendations on the LCS MP Crew Scheduling and Phasing Plan (CSPP).

#### **3.10.6 Tactical Trainer Support**

The contractor shall participate in the development of the Networked Tactical Trainer System (NTTS) the Common Mission Package Tactical Trainer (CMPTT), and Conning Officer Virtual Environment (COVE) Launch and Recovery Simulator for LCS-1 and LCS-2. The contractor shall serve as an advisor in the development of the NTTS, CMPTT, and COVE. The contractor shall provide Subject Matter Experts (SMEs) who shall provide advice and technical recommendations for the development of the NTTS, CMPTT, and COVE. The contractor shall participate in NTTS, CMPTT, and COVE IPRs, meetings, and working groups. The contractor shall review and provide technical feedback on the NTTS, CMPTT, and COVE development. The contractor shall integrate the NTTS, CMPTT, and COVE into the LCS MP formal curriculum development effort. The contractor shall develop formal curriculum for the NTTS, CMPTT, and COVE.

#### **3.10.7 Configuration Management**

The contractor shall provide configuration management support and services. The contractor shall develop and update Configuration Management Plans (CMPs) IAW EIA 649 and PMS 420 CMP. The contractor shall implement the CMP IAW the PMS 420 CMP and PMS 420 CM Work Instruction. The contractor shall assist in the development of Engineering Change Proposals (ECPs) and Notice of Revision (NOR). The contractor shall prepare Configuration Control Board (CCB) agendas. The contractor shall participate in CCBs. The contractor shall prepare CCB minutes that document the results of the CCB. The contractor shall post ECPs and related

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 62 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

change documentation into the GFE provided ACCESS database. The contractor shall develop baseline documentation and shall record LCS MP baselines into the GFE provided ACCESS database. The contractor shall develop and prepare Field Change Bulletins (FCBs). The contractor shall assist in the development of SHIPMAIN change documentation.

### **3.11 Experimentation and Testing**

The Contractor shall provide support in planning and witnessing program level experimentation and test events. Support shall include but not be limited to preparation of test plans, procedures, and reports. The Contractor shall conduct and support testing as required including test set up, test execution, providing on site test support, providing equipment and hardware to support testing, providing technical expertise, shipping hardware and equipment.

### **3.12 Contractor's Monthly Status Report**

The Contractor shall provide a monthly report discussing progress, issues and resolution, and costs to date along with percentage of total funding spent, by the tenth day of the month following each month's effort. The Contractor shall track expenses in a manner corresponding to A Department's Work Breakdown Structure (WBS) as it is established in NSWC PCD's PBMS system. Progress shall be reported in labor hours and dollars by labor category for each assigned WBS category. (CDRL A001)

### **3.13 Travel**

The Contractor may be required to travel to CONUS and OCONUS locations as specified by the Task Order Manager as program requirements dictate. The estimated travel costs shall not be exceeded without the express written consent of the Contracting Officer.

### **3.14 Access to Government Facilities and Equipment**

The Government will provide office space and 6 phones, 6 computers, 6 phone connections and 6 network connections for up to 6 contractor personnel under this order/contract. The Government will also provide the consumables for the stated equipment such as paper, toner cartridges, etc.

The Government will provide shared lab space for up to 3 contractor personnel under this order/contract. Phones, computers, phone connections and network connections are not required, the lab space is assigned to the Government employee and the contractor will have access.

The specific location(s) will be provided at the time of award. The contractor shall provide a list of employees who require access to these areas, including standard security clearance information for each person, to the Contracting Officer Representative (COR) no later than 3 business days after the date of award. The work space provided to the contractor personnel shall be identified, by the awardee, with appropriate signage listing the company name and individual contractor employee name.

Access to Government buildings at Naval Support Activity Panama City (NSA PC) - is from 0600 to 1800 Monday through Friday, except Federal holidays. Normal work hours are from 0800 to 1700, Monday through Friday. Contractor employees shall be under Government oversight at all times. Government oversight requires that a Government employee be present in the same building/facility whenever contractor employee(s) are performing work under this contract. Contractor personnel are not allowed to access any Government buildings at NSA PC outside the hours of 0600 to 1800 without the express approval of the Procuring Contracting Officer (PCO).

In the event that NSA PC operations are curtailed as a result of weather emergencies or other unplanned events, Contractor personnel shall be considered "non-essential personnel" and shall follow NSA PC instructions for non-essential personnel.

## **4.0 GOVERNMENT FURNISHED INFORMATION (GFI)**

NSWC PCD will provide GFI as appropriate and as required for tasking as program requirements dictate. The GFI does not include sensitive information relative to financial planning and other fiscal or budget data, procurement planning or the existence and nature of future requirements, or include information bearing on administration of

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 63 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

existing contracts.

**5.0 DATA DELIVERABLES**

All data deliverables shall be delivered in accordance with the schedule as specified in the attached Contract Data Requirements List (CDRL), DD Form 1423, Exhibit A. NOTE: Minimum Protection Requirements for Controlled Unclassified Information: Security classification guides (OPNAVINST 5513 series) and unclassified limited documents (e.g., FOUO, Distribution Statement Controlled) are not authorized for public release and, therefore, cannot be posted on a publicly accessible webserver or transmitted over the Internet unless appropriately encrypted.

**6.0 RELEASE OF INFORMATION**

All technical data provided to the Contractor by the government will be protected from public disclosure in accordance with the markings contained thereon. All other information relating to items to be delivered or services to be performed under this contract may not be disclosed by any means without prior approval of the appropriate NSWC PCD authority. Dissemination or public disclosure includes, but is not limited to, permitting access to such information by foreign nationals or by any person or entity; publication of technical or scientific papers; advertising; or any other proposed public release. The Contractor shall provide adequate physical protection to such information so as to preclude access to any person or entity not authorized such access by the government.

**7.0 PURCHASES**

Only items directly used for this Task Order, for work within the scope of the Performance Work Statement, shall be purchased under the Other Direct Cost (ODC) line items. Individual purchases above \$3,000 shall be approved by the Contracting Officer prior to purchase by the Contractor. The purchase request shall be itemized and contain the cost or price analysis performed by the Contractor to determine the reasonableness of the pricing. The request and supporting documentation shall be submitted to the Contracting Officer's Representative (COR) for concurrence prior to being submitted to the Contracting Officer for approval.

Information Technology (IT) equipment, or services must be approved by the proper approval authority. All IT requirements, regardless of dollar amount, submitted under this Task Order shall be submitted to the Contracting Officer for review and approval prior to purchase.

The definition of information technology is identical to that of the Clinger-Cohen Act, that is, any equipment or interconnected system or subsystem of equipment that is used in the automatic acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information. Information technology includes computers, ancillary equipment, software, firmware and similar procedures, services (including support services), and related resources.

**8.0 SECURITY**

The highest security classification for work under this task order is TOP SECRET. For certain tasks, the Contractor shall provide technical support while meeting COMSEC information requirements. All security related issues will be handled in accordance with Defense Information Security Agency (DISA) guidelines and approved locally by the SIPRNET Information Assurance Officer. The provisions of the attached DD Form 254 apply.

=====  
=====

**HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000)**

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 64 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this contract may create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this contract and for a period of three years after completion of performance of this contract, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this contract. This exclusion does not apply to any recompitation for those systems, components or services furnished pursuant to this contract. As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the Contractor may, with the authorization of the cognizant Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the contract for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become, aware of an organizational conflict of interest after award of this contract and does not make an immediate and full disclosure in writing to the Contracting Officer, the Government may terminate this contract for default.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 65 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this contract for default.

(i) The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this contract.

(n) Compliance with this requirement is a material requirement of this contract.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 66 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

## **SECTION D PACKAGING AND MARKING**

All Deliverables shall be packaged and marked IAW Best Commercial Practice.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 67 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	-------------------	-------

## **SECTION E INSPECTION AND ACCEPTANCE**

Inspection and acceptance of services and deliverables will be accomplished by Government personnel at the Naval Surface Warfare Center Panama Division as specified in the Quality Assurance Surveillance Plan (QASP) attached. All deliverables shall be FOB Destination.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 68 of 161	FINAL

## SECTION F DELIVERABLES OR PERFORMANCE

The periods of performance for the following Items are as follows:

4000	3/1/2010 - 2/28/2011
4001	9/1/2010 - 8/31/2011
4002	9/1/2011 - 8/31/2012
4003	4/27/2012 - 4/26/2013
4004	4/27/2013 - 4/26/2014
4100	9/1/2010 - 8/31/2011
4200	9/1/2011 - 8/31/2012
4300	4/27/2012 - 4/26/2013
4400	4/27/2013 - 4/26/2014
4401	4/27/2013 - 4/26/2014
4402	12/30/2013 - 9/30/2014
6000	3/1/2010 - 2/28/2011
6001	9/1/2010 - 8/31/2011
6002	9/1/2011 - 8/31/2012
6003	4/27/2012 - 4/26/2013
6004	4/27/2013 - 4/26/2014
6402	12/30/2013 - 7/1/2014

## CLIN - DELIVERIES OR PERFORMANCE

Services may be performed at the Contractor facility, Naval Surface Warfare Center Panama City Division (NSWC PCD) or travel location. Location is dependent upon type of task being performed.

## DURATION OF TASK ORDER PERIOD

This task order shall become effective on the date in block 3 and shall continue for a period of one year. In accordance with the Award Term Plan and Award Term Clause of this order, the order may continue for up to four additional years based on the contractor's performance.

=

HQ G-2-0009

SUPPLEMENTAL INSTRUCTIONS REGARDING ELECTRONIC INVOICING (NAVSEA) (SEP 2012)

(a) The Contractor agrees to segregate costs incurred under this contract/task order (TO), as applicable, at the lowest level of performance, either at the technical instruction (TI), sub line item number (SLIN), or contract line item number (CLIN) level, rather than on a total contract/TO basis, and to submit invoices reflecting costs incurred at that level. Supporting documentation in Wide Area Workflow (WAWF) for invoices shall include summaries of work charged during the period covered as well as overall cumulative summaries by individual labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of other direct costs (ODCs), materials, and travel, by TI, SLIN, or CLIN level. For other than firm fixed price subcontractors, subcontractors are also required to provide labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of ODCs, materials, and travel invoiced. Supporting documentation may be encrypted before submission to the prime contractor for WAWF invoice submittal. Subcontractors may email encryption code information directly to the Contracting Officer (CO) and Contracting Officer Representative (COR). Should the subcontractor lack encryption capability, the subcontractor may also email detailed supporting cost information directly to the CO and COR; or other method as agreed to by the CO.

(b) Contractors submitting payment requests and receiving reports to WAWF using either Electronic Data Interchange (EDI) or Secure File Transfer Protocol (SFTP) shall separately send an email notification to the COR and CO on the same date they submit the invoice in WAWF. No payments shall be due if the contractor does not provide the COR and CO email notification as required herein.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 154 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

## SECTION H SPECIAL CONTRACT REQUIREMENTS

### NAVSEA 5252.216-9122 -- LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be 104,160 man-hours per labor year, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total labor hours of direct labor set forth above, it is estimated that [OFFEROR TO FILL IN (no. of hour)] labor hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total labor hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total labor hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

$$\text{Fee Reduction} = \frac{\text{Fee (Required LOE - Expended LOE)}}{\text{Required LOE}}$$

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of labor hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 155 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of labor hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of labor hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish labor hours up to five percent in excess of the total labor hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

=====  
=====

**CHANGES IN KEY PERSONNEL**

(a) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement.

(b) The contractor agrees that during the first 180 days of the period of performance no key personnel substitutions will be permitted unless such substitutions are necessitated by an individual's sudden illness, death, or termination of employment. All proposed substitutions shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least thirty (30) days, or forty-five (45) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include:

- (1) An explanation of the circumstances necessitating the substitution;
- (2) A complete resume of the proposed substitute;
- (3) The hourly rates of the incumbent and the proposed substitute;
- (4) A chart summarizing the years of experience and professional development for the individuals involved in the substitution; and
- (5) Any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

(c) In the event a requirement to increase the specified level of effort for a designated labor category, but not the overall level of effort of the contract, occurs, the Contractor shall submit to the Contracting Officer a written request for approval to add personnel to the designated labor category. The same information as specified in paragraph (b) above is to be submitted with the request.

(d) The Contracting Officer shall evaluate requests for changes in personnel and promptly notify the Contractor, in writing, whether the request is approved or disapproved.

=====

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 156 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

=====

**POST AWARD CONTRACTOR PERSONNEL APPROVAL**

- (a) Requests for post award approval of additional and/or replacement key personnel should be submitted via e-mail. E-mail submissions shall be made simultaneously to the Contract Specialist and the TOM. Electronic notification via e-mail from the Contract Specialist will serve as written approval/disapproval on behalf of the Contracting Officer.
- (b) It is desired that resumes be submitted in the format required in solicitation Section L for original proposal submission. However, in order to expedite contract administration, contractor format may be used.
- (c) A cover letter shall be included which clearly demonstrates how the proposed resume clearly meets contract requirements.
- (d) If the employee is not a current employee of the contractor (or a subcontractor), a copy of the accepted offer letter (which identifies a projected start date and the agreed to annual salary) shall be provided.

=====

**KICK-OFF MEETING**

The Contractor shall coordinate with the Task Order Manager (TOM) and Contract Specialist to conduct a kick-off meeting within ten working days after the award of the contract to review the terms and conditions, statement of work (SOW) and Contract Data Requirements List (CDRL) requirements for this task order. This meeting's date, time and location shall be determined at time of award.

=====

**TECHNICAL GUIDANCE**

The Task Order Manager (TOM) will provide guidance to the contractor regarding the requirements of the Statement of Work (SOW). Such guidance may be needed to prioritize work or initiate specific tasking within broad task areas. Under no circumstances may the TOM direct the contractor to perform work outside the scope of the SOW. The contractor is responsible for notifying the Contracting Officer if it believes it has received direction to perform work that is out of scope.

Technical guidance will normally occur through day-to-day verbal communication between the TOM and the contractor's program management personnel. However, written Technical Instructions may be issued at the TOM's discretion. Technical Instructions might be needed to clarify unusually complex requirements, or simply to initiate a written record of guidance that the TOM feels is particularly important. Technical Instructions will be numbered sequentially and will be in the format provided by the Contracting Officer.

=====

**AWARD TERM CLAUSE**

In addition to the terms and conditions set forth elsewhere in this order, the contractor may earn an award term incentive consisting of an extension to the order period from the minimum one (1) year to a maximum of five (5) years on the basis of:

1. Satisfactory or better performance of the contractor as evaluated by the Government.
2. The Government has a continued need for the services (solely determined by the Government).
3. The Government has funds for the services.

CONTRACT NO. N00178-04-D-4119	DELIVERY ORDER NO. HR06	AMENDMENT/MODIFICATION NO. 68	PAGE 157 of 161	FINAL
----------------------------------	----------------------------	----------------------------------	--------------------	-------

For each year of the order, contractor performance is evaluated using the Quality Assurance Surveillance Plan (QASP) and ratings are assigned based on how well the contractor has performed. If ratings are satisfactory or better for Year 1, the contractor earns Year 2; if ratings are satisfactory or better for Year 2, the contractor earns Year 3, and so on up to the maximum of five (5) years. But if ratings are less than satisfactory for any year, then the order is ended. The evaluation criteria and the award term procedures are described in the "Quality Assurance Surveillance Plan" and referenced in the "Award Term Plan".

=====

=====

**AWARD TERM PLAN**

The Government will assess the quality of the Contractors performance as follows:

- a. Evaluation Criteria and Ratings are contained in the attached Quality Assurance Surveillance Plan (QASP) in Section J. The contractor must receive a rating of satisfactory or better on each of the QASP evaluation criteria in order to earn the award-term incentive. A rating of less than satisfactory on any of the QASP criteria may result in the incentive not being earned.
- b. Evaluation Period. The evaluation periods will be (1) from award of the order through the end of the base period of performance and (2) for each award term year thereafter. One interim evaluation will also be conducted as described below.
- c. Personnel. The Government evaluation team will be as specified in the QASP.
- d. Interim Evaluation. An interim evaluation shall be conducted at the midpoint (i.e., six months) of the first evaluation period. No later than 15 calendar days after the midpoint of the evaluation period, the Assessing Official shall notify the Contracting Officer of the contractor's current strengths and weaknesses on the basis of inputs from the performance monitors and other pertinent sources. The Contracting Officer will then issue a letter to the contractor describing the strengths and weaknesses identified by the Assessing Official. The Contracting Officer may also issue letters at any time when it is deemed necessary to highlight areas of Government concern. Additional interim evaluations may be conducted at the discretion of the Government.
- e. End-of-Period Evaluations. No later than 60 calendar days prior to the end of the evaluation period, the Assessing Official shall initiate a report covering the entire evaluation period and submit that report to the contractor for review and comment. The contractor shall review the report and provide comments to the Assessing Official within 10 calendar days. If the contractor concurs, the Assessing Official will forward the report to the Reviewing Official who will finalize the ratings and close the report. If the contractor does NOT concur with ratings the Reviewing Official will then reconcile any disagreements between the Assessing Official and the contractor, finalize the ratings, and close the report. All reports must be closed no later than the 30 days prior to the end of the evaluation period. Once the report is closed, the ratings are not subject to dispute by either party.
- f. Award-Term Incentive Determination. As stated above, the contractor must receive a rating of satisfactory or better on each of the QASP evaluation criteria in order to earn the award-term incentive. The Contracting Officer will review the closed report to determine if the award term incentive has been earned. If the incentive has been earned, then the Contracting Office will issue a modification to grant the award term extending the period of performance of the order. The award term is subject to cancellation based on the following specific contingencies: elimination of the requirement; lack of funding; and unfavorable determination that price is fair and reasonable.
- g. Changes to the Award-Term Plan. This Award-Term Plan is a part of the order and can only be changed by a bi-lateral modification to the order. Either party may propose a change to the Award-Term Plan at any time. However, if either party desires a change to the plan and a mutual agreement cannot be reached, then this original Award-Term Plan will remain in full effect.

**REQUIREMENT SECURITY CLASSIFICATION**

The Contractor will require access to information Classified up to SECRET. Documents generated under this task order may be CLASSIFIED up to and including SECRET. Provisions of the attached DD Form 254 apply.

=====

**NSWCPC – H06 SECURITY REQUIREMENTS**

- a. The work to be performed under this contract is classified.
- b. In addition to the requirements of the clause "Security Requirements," the Contractor shall appoint a Facility Security Officer (FSO), who shall (1) be responsible for all security aspects of the work performed under this contract, (2) assure compliance with the National Industrial Security Program Operating Manual (NISPOM) (DOD 5220.22-M), and (3) assure compliance with any written instructions from the Naval Surface Warfare Center Panama City Division, Security Office, Code XPC, 110 Vernon Avenue, Panama City, Florida 32407-7001.

=====

**NSWCPC – H07 INFORMATION SECURITY REQUIREMENTS**

- a. All contractor personnel requiring access to DON controlled unclassified information (CUI) or "user level access to DON or DoD networks and information systems, system security and network defense systems, or to system resources providing visual access and/or ability to input, delete or otherwise manipulate sensitive information without controls to identify and deny sensitive information" who do not have clearance eligibility are required to submit a Questionnaire for Public Trust Positions (Standard Form 85P) through the cognizant Facility Security Officer or designee to NSWC PCD Security, for a suitability determination by DON Central Adjudication Facility.
- b. Minimum Protection Requirements for Controlled Unclassified Information (CUI): Security classification guides (OPNAVINST 5513 series) and unclassified limited documents (e.g., For Official Use Only (FOUO), Distribution Statement Controlled) are not authorized for public release and, therefore, cannot be posted on a publicly accessible web server or transmitted over the Internet unless appropriately encrypted.

=====

**DISTRIBUTION LIMITATION STATEMENTS**

Technical documents generated under this task order shall carry the following distribution limitation statement on the cover and title page (if any) of the document:

DISTRIBUTION AUTHORIZED TO DEPARTMENT OF DEFENSE AND U.S. DOD CONTRACTORS ONLY; ADMINISTRATIVE/OPERATIONAL USE, (DATE STATEMENT APPLIED). OTHER REQUESTS FOR THIS DOCUMENT SHALL BE REFERRED TO COMMANDER, NAVAL SURFACE WARFARE CENTER PANAMA CITY DIVISION ATT CODE A30.

DESTRUCTION NOTICE - FOR CLASSIFIED DOCUMENTS, FOLLOW PROCEDURES IN DOD 5220.22-M, NATIONAL INDUSTRIAL SECURITY PROGRAM OPERATING MANUAL, CHAPTER 5, SECTION 7 OR DOD 5200.1-R, INFORMATION SECURITY PROGRAM REGULATION. FOR UNCLASSIFIED, LIMITED DOCUMENTS, DESTROY BY ANY METHOD THAT WILL PREVENT DISCLOSURE OF CONTENTS OF RECONSTRUCTION OF THE DOCUMENT.
